

REMARKS

This application is amended in a manner to place it in condition for allowance at the time of the next Official Action.

Status of the Claims

Claims 1 and 2 are amended to correct a misspelling: piperidil (instead of piperidyl).

Claims 73-86 are new, and are directed to a method of treatment while reciting the features of claims 11, 12, 23, 24, 50, 51, 53, 54, 56, 57, 59, 60, 62 and 63. These claims are directed to the examined subject matter, as the methods require the compounds or pharmaceutical composition which are under consideration.

Accordingly, claims 11, 12, 23, 24, 50, 51, 53, 54, 56, 57, 59, 60, 62 and 63 are cancelled.

Withdrawn claims 46-48 and 64-72 are cancelled without prejudice to their patentability, as applicant reserves the right to file one or more divisional applications directed to their subject matter.

Claims 1, 2, 10, 22, 41-45, 49, 52, 55, 58, 61 and 73-86 remain pending.

The Specification

The specification has been amended to correct a misspelling: piperidil (instead of piperidyl). See the Amendment to the Specification section of this Amendment.

Allowed Claims

Applicant acknowledges with appreciation the allowance of claims 44, 45, 58, and 61.

Claim Rejections-35 USC §112

Claims 1, 2, 10-12, 22-24, 41-45 and 49-63 were rejected under 35 U.S.C. §112, second paragraph, for being indefinite. This rejection is respectfully traversed for the reasons below.

Claim 1 was rejected (according to points a, b, c on page three of the Official Action) for reciting piperidil, which has been corrected to piperidyl.

Claim 2 was rejected (according to points d and e on page three of the Official Action) for reciting piperidil, which has been corrected to piperidyl.

Claims 11, 12, 23, 24, 50, 51, 53, 54, 56, 57, 59, 60, 62 and 63 were rejected (according to points f to s, respectively, beginning on page 3 of the Official Action) for differing from other claims only by the recited intended use. Claims 11, 12, 23, 24, 50, 51, 53, 54, 56, 57, 59, 60, 62 and 63

have been cancelled, and their features have been recited in new method claims 73-86, respectively.

Therefore, the present claims are definite, and withdrawal of the rejection is respectfully requested.

Conclusion

In view of the amendment to the claims and the foregoing remarks, this application is in condition for allowance at the time of the next Official Action. Allowance and passage to issue on that basis is respectfully requested.

Should there be any matters that need to be resolved in the present application, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

The Commissioner is hereby authorized in this, concurrent, and future submissions, to charge any deficiency or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
